IDshield: IAM - Task #17926

WSC: groupget()

15/02/2024 10:00 AM - Sachin Divekar

Status:	New	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:		**Estimated time:**	0.00 hour
Target version:	Sprint 26 Apr		

Description

The web service should accept a group name or ID as input and return the corresponding group details from Keycloak.

- Use Alya to create the web service.
- Use gocloak to get the group from Keycloak based on the ID or group name provided in the request.
- Handle any errors that may occur during the group creation process and returning the error response.
- Test the web service to ensure it returns the correct group and required details.

groupget web service
