History

#1 - 18/02/2024 11:57 PM - Shuvam Misra

- Follows Task #17972: Check the trace data spec added
- Start date set to 01/03/2024
- Due date changed from 29/03/2024 to 01/03/2024

#2 - 05/04/2024 11:19 AM - Aniket Shinde

- Target version changed from Sprint 29 Mar to Sprint 12 Apr
- Assignee changed from Abhishek Jayswal (Tantiv4) to Aniket Shinde
- Due date changed from 01/03/2024 to 12/04/2024

#3 - 05/04/2024 11:47 AM - Aniket Shinde

- Status changed from New to In Progress

#4 - 14/04/2024 03:37 PM - Aniket Shinde

- % Done changed from 0 to 20

added L1 tracing with test,

In Progress:

1. implementation of (return , exit , thenCall , elseCall)cases

#5 - 16/04/2024 10:21 PM - Aniket Shinde

added test cases for return , exit , thenCall , elseCall
but it will only work if in

```
RuleActions = type RuleActionBlock_t struct {
Task      []string      json:"tasks" validate:"required"
Properties map[string]string json:"properties" validate:"required"
ThenCall   string        json:"thencall,omitempty"
ElseCall   string        json:"elsecall,omitempty"
DoReturn   bool          json:"doreturn,omitempty"
DoExit     bool          json:"doexit,omitempty"
References []*Ruleset_t   json:"-."
ReferenceType string      json:"referencetype,omitempty"
}
```

DoReturn = true, DoExit = true, ElseCall = exist, ThenCall = exist in ruleset (in short rule_action must be filled with proper values in ruleset).

So, need to discuss with sachin if user get adding all details doing on done= true.

#6 - 23/04/2024 08:29 PM - Aniket Shinde

- % Done changed from 20 to 30

added L1 trace with trace level (0, 1, 2),
with test case for Match, Mismatched, Return

#7 - 23/04/2024 08:30 PM - Aniket Shinde

added entity attribute and ruleset attribute validation should match the number of attrs.

#8 - 30/05/2024 12:24 PM - Aniket Shinde

- % Done changed from 30 to 100

- Status changed from In Progress to Testing

completed L1 level
