

IDshield: IAM - Task #17953

authzCheck(): the client-side function to do the authorization check

16/02/2024 04:52 PM - Shuvam Misra

Status:	New	Start date:	13/05/2024
Priority:	Normal	Due date:	14/05/2024
Assignee:	Abhishek Jayswal (Tantiv4)	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Sprint 10 May		
Description			
This function will be linked to the application code, not inside the IDshield service. It will be directly called by the application code, and will return details of all authorizations available for the requested operation.			
Subtasks:			
Task # 17899: authz_check: test cases			New
Task # 17900: authz_check: add trace facility			New
Task # 17901: authz_check: code to merge groupcaps into usercaps, cache implementation			New
