#4 - 04/03/2024 11:16 AM - Tushar Bhingare

- Assignee set to Tushar Bhingare

#5 - 04/03/2024 11:16 AM - Tushar Bhingare

- Status changed from New to In Progress

#6 - 04/03/2024 07:11 PM - Tushar Bhingare

- % Done changed from 0 to 20

- built the function getLogs() and obtained the desired outcome.
- I have to work on the data section of the change log.

#7 - 05/03/2024 07:35 PM - Tushar Bhingare

- % Done changed from 20 to 30

made a helper function to create queries for getLogs(). improve FromTs, Tots, and Days validation. There is a runtime error that needs to be fixed when using range with terms.

#8 - 06/03/2024 06:50 PM - Tushar Bhingare

- % Done changed from 30 to 50

- Fixed the range error
- Since filters execute faster, replace must queries with them.
- Include a filter for priorities, only logs of priority equal to or higher than the value will be returned

#9 - 07/03/2024 06:49 PM - Tushar Bhingare

attempted to run a docker test for the getLogs() construct structure but encountered some connection issues

#10 - 08/03/2024 06:00 PM - Shuvam Misra

- Status changed from In Progress to Testing

#11 - 11/03/2024 07:01 PM - Tushar Bhingare

- % Done changed from 50 to 90

For the following cases, create automated unit test cases.

Acquire Logs for Each Filter Parameter

Time stamp-based and number of days-based Logs

Obtain Logs Using SearchAfterTS

with no filter Parameter

#12 - 12/03/2024 01:08 PM - Tushar Bhingare

- % Done changed from 90 to 100

- Status changed from Testing to Closed
